AROUND OF TALK.

The Old Coffee Pot.

I want to hear the stammer
Of the old coffee-pot;
When it's getting hoarse and hoarse,
I want to see the vapor rise,
Like incense in the room,
And float about a fluffin'
Every corner with perfume.
Oh, it isn't very often
That a fellow gets the idea
Of the old coffee-pot;
But when he does, it's like a whiff
Of a comin' from the west;
It's like a rush of springtime
And the old coffee-pot
A fluffin' you with dreams of what
The harvest time'll yield.
I love the smell of roses
Along about in June;
And I'd hang around and listen
To almost any tune;
Not the fragrance and the music
That nothing else has got
Are the odor and the sinner
Of the old coffee-pot.
—John W. Fellows in the Diction (Wyo.) Doublet.

MORE FUNDS.—Well, the Fiscal Court has met and has considered the matter of the road question of the county, but I don't think that the result of the deliberations of that august body will cause any great amount of enthusiasm among the good people who had been expecting some practical and definite relief from the evil of bad county roads which has been a growing and dangerous evil in our midst. The Magistrate took steps for relief in one particular only, which does very well as far as it goes. Measures were adopted by which more funds are to be made available for road purposes. The funds are of course provided by the taxpayers, just like all other expenses of the county. The allowance per mile for maintenance of the roads was increased twenty-five per cent. This is made possible this year by reason of the increase in the assessed valuation of property and the gain thus made will be devoted to the roads. It did not take any great amount of financial acumen on the part of our worthy Magistrate to pass that little order, which is intended to give to the taxpayers the benefit of some of their own money, and I can't see yet that the problem of road maintenance has been solved. Nothing has been done to improve the system and there is like the fault. Tell any disinterested citizen that \$600 per mile is expended on any turnpike leading out of Springfield for repairs each year and his first remark will be "I don't see where it is." The truth is that such crude and expensive methods are used for working the roads that very poor results are obtained in proportion to the expenditure. A better system which will include a rock crusher and other machinery and above all a good practical man who understands road working is what is needed to get the greatest benefit from the least expenditure.

LICENSE TAX.—Another act of the Fiscal Court—another one which will bring in some vigorous kicks along with the additional revenue was the passing of the order imposing license tax on certain vehicles which have been allowed heretofore to travel the public highways without paying for the privilege. The tax is to be imposed on public conveyances or wagons which are run for hire and last passengers and freight for a consideration. This will include the vehicles of livey stables, stages and mail wagons that carry freight and passengers and hackster wagons that carry goods through the county. The tax is to be levied on the roads of the county more constantly than any other class of men and few of them pay any taxes at all the majority being non residents of the county. The livey stable proprietors however who are large taxpayers think the order a hardship and are kicking. The order was framed in accordance with a bill enacted at the last meeting of the Kentucky Legislature and can be made operative without trouble. There is no law to permit a license tax to be imposed on any vehicle for private use no matter how much it may travel the roads.

GETTING WARM.—They do say that the race between Judge Chas. Patterson and Hon. Finley Shuck for the Democratic nomination for Circuit Judge, is warming up exceedingly and promises to reach the fever heat before the short campaign is over. The two candidates have met in what was termed a "joint debate" several times but from all accounts the meetings came very near degenerating into old fashioned mud-slinging contests. Joint debates between rival candidates are always dangerous and it is seldom that either man comes out best and sometimes the poor voter learns so much that he loses faith in them all. The two candidates are announced to speak at this place on next county court day and a good crowd will doubtless be on hand.

HENDRICK.—Hon. John K. Hendrick made a fine impression on those who heard his speech at the court house here on last Saturday, and although he had a strong following in Washington county before he has greatly increased his popularity among the Democratic voters. Indeed the prediction is freely made now that the county will go for Hendrick by a large majority. Capt. Hendrick's argument on the illegibility of Gov. Beckham was quite convincing from his standpoint. His account of the Calhoun matter in which he read documents to show that at the time the bill was before the Legislature authorizing the payment by the State of some \$71,000 to Calhoun for collecting Kentucky's War claim, there existed a contract between the Governor and Calhoun by which the latter was to do the work for \$3,000, and yet Gov. Beckham signed the bill and kept the Legislature in ignorance of the contract. This point was quite a revelation to the majority of the crowd and even some pronounced Beckham a scoundrel awaiting an explanation. Capt. Hendrick is an impressive and entertaining speaker and his friends in this county are enthusiastic in their faith in him.

THE FAIR.—The Springfield Fair will be held this year on August 20th and continue four days. The fair company has been reorganized and the board of directors. The date selected is considered a good one, being earlier than last year when the weather can be relied on more. The fair will precede the Bards town fair one week which will make it convenient for new blood residents who are following a circuit. The premium list is to be revised and some new and attractive features added. Mr. A. C. Kimball who has been connected with the fair company for a number of years is the new secretary, and he takes the place of Robert New, who goes into the board of directors.

A Great Sensation.
There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. K. J. Hayden. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cases of Consumption, Pneumonia, Bronchitis and Grip are numerous. For all throat and lung troubles. Price 50c and \$1.00. Guaranteed by C. J. Hayden. Trial bottles free.

A Sweet Breath.
Is a never failing sign of a healthy stomach. When the stomach is out of order, there is a remedy in the world called Kodol Dyspepsia Cure for curing indigestion and all stomach disorders. Mrs. Mary B. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and taking a few bottles am fully restored in weight, health and strength. I can eat and sleep as well as I did before. What you eat makes the stomach right." H. J. Jones.

Died at Owensboro.

A special dated April 10th from Owensboro says: "Mr. Charles Wathen, one of the most prominent attorneys at the Owensboro bar, died of typhoid fever this afternoon after an illness of three weeks. Mr. Wathen was born at Mount Merino, Breckinridge county, in 1858. After attending St. Joseph College at Bardonia, he went to Louisville and was graduated from the Louisville Law School. He first practiced his profession at Brandenburg. The Democrats of the Seventh Judicial district elected him Commonwealth's Attorney two terms by handsome majorities. He married Miss Mary Fairleigh of Louisville. He came to this city in 1893. He was for a number of years City Attorney and had served as Special Judge in many important cases. He was counsel for the Louisville Henderson St. Louis railway. He is survived by a wife and four children. The funeral will take place Sunday at his old home."

The deceased was a brother of Mrs. Sarah Simms, Mrs. Nathan Cooper and Miss Ellen Wathen of this place and had frequently visited in Springfield.

Robbed the Grave.

A startling incident is narrated by John Oiler, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had been called, but they were of no avail. I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed at C. J. Hayden's drugstore."

For liver trouble and constipation. There's nothing better in creation. Little Early Risers, the famous little pills. They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the liver to the full performance of its functions naturally. Letuce and Small-Pox.

Letuce is an absolute preventive of small-pox. No one is in the least particle of danger of catching small-pox who eats a little letuce every day. Small-pox belongs to the scurbitic class of diseases. Salads at so-called banquets are full of scurbitic food. Scurvy is a typical scurbitic disease, small-pox is another. Small-pox always rages during the winter season, when the poor people are deprived of fresh vegetable foods. Celery and onions are good for this purpose, but there is such a long interval between their being gathered and being eaten that they lose most of their anti-scurbitic properties. Letuce is served shortly after it is picked and hence contains the valuable properties which will prevent small-pox. It is a vegetable, it has no liabilities, like vaccination, to produce other diseases. We are willing to stake our professional reputation on the broad statement that anyone who eats letuce daily will not catch small-pox whether he be vaccinated or not.—Ex

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Skin Eruptions and Piles. It's only 25 cents and guaranteed to give satisfaction by C. J. Hayden, Drugist.

Unhealthy kidneys produce more suffering than ten poisons from any other cause. To feel well, to be healthy, these organs must be active. To restore normal action to a diseased kidney is nothing that equals Gai-Li, it is recommended and used only as a remedy for diseased kidneys. Sold by Wood & Campbell.

AN INCIDENT OF THE WAR.

A Desperate Fight Between Washington County Home Guards And Guerrillas.

(Written For The News-Leader.)

While the war between the States had progressed to its highest proportions; while those who were the Gray were making desperate struggles for supremacy, and those who wore the Blue were vigorously contesting every inch of soil from Washington to Richmond, the political temperature necessarily ran high. Now in order to protect the homes of the citizens of the Northern part of Washington county, a band of citizens styled themselves the "Home Guard" was formed whose sole object was to rid the community of a band of Guerrillas who had been making depredations upon the neighborhood. The captain of the "Home Guard" was Capt. John Smith, who resided in Springfield.

On a fine morning with a clear sky and a light breeze, the captain of the "Home Guard" was out on a patrol. He was accompanied by a band of Guerrillas who had been making depredations upon the neighborhood. The captain of the "Home Guard" was Capt. John Smith, who resided in Springfield. The Guerrillas were a band of desperadoes who had been making depredations upon the neighborhood. The captain of the "Home Guard" was Capt. John Smith, who resided in Springfield.

LEBANON LOCALS.

From The Patriot.

About 8:30 o'clock Sunday night John Will Penick, alias Mink, colored, stabbed and almost instantly killed Bud Chelf, also colored. From all the facts obtainable it seems to be a case of cold-blooded murder. Penick is in jail at Greensburg. The examining trial will be called today.

It is reported that a suit will be filed in Louisville at an early date to break the will of the late Mrs. Catherine Wilson. The contestants will be heirs not named in the will. If successful the result will be a great loss to Methodist institutions in Kentucky and will give her heirs in Lebanon a larger share of her estate than she bequeathed to them.

A large crowd was in Lebanon yesterday to attend county court. A lot of fine stock was exhibited on the street but only a few sales are reported. The following live stock sales were made by auctioneer H. M. Bruggles: Two cows and six pigs, \$89.35; 1 cow and six pigs, \$17.75; 1 cow and six pigs, \$40; 1 ten-year-old mare, \$75; one plug mare \$36. Mr. J. H. Estes sold 18 yearling steers at \$22.30 per head, 1 mare \$25 and 1 aged jack \$21.

The city has had six new concrete crossings put in during the week. The large roads that have formerly been over these crossings have been removed to other parts of the city where crossings will be made of them.

Mr. Leo Thomas, of the Calvary neighborhood, and Miss Mamie Gibbison, of this city, were married at the pastoral residence by Rev. J. A. Hogarty Saturday evening. They are popular young people and have the best wishes of hosts of friends.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and Whooping Cough. It does not pass into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, breaks and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Hayden.

60,000 Americans Go to Canada.

During the two years ending June thirtieth last, more than thirty thousand persons from North and South Dakota, Minnesota, Illinois, Wisconsin, Montana and Utah took farms in the Canadian West, bringing with them property and stock conservative in value estimated as being worth thirty million dollars. In the three years preceding, at least thirty thousand other persons had crossed over from the United States, and since 1890 it is estimated that there has grown up in Western Canada a community of one hundred and thirty-five thousand American farmers, growers of wheat, corn and flax, settlers imbued with the spirit of enterprise, but with American ideals of government and American aspirations for the future of the country which they have made their home.—William R. Stewart in April Commonwealth.

End of Canal Contest.

The Great Lakes Ship Canal bill passed the New York Legislature March 28. The action brought the bill to Governor Odell for signature and ended a political contest of twenty years, to provide an efficient waterway for freight carriage between the Great Lakes and the Atlantic seaboard from Buffalo to Troy. The final step is to secure the imprimatur of the people at the fall elections for an issue of bonds to defray the cost. The project is brief provides for the dredging of the Erie, Champlain and Oswego Canals to a depth of eleven feet, that barges carrying one thousand tons may traverse the route. The proposed expenditure of \$161,000,000. The present canal route will be followed with few deviations, which include Seneca Lake and the Oswego River. In 1895 \$9,000,000 were appropriated to deepen the canals to nine feet. The appropriation was exhausted before the work was half completed, and a scandal ensued. To President Roosevelt is due the inception of the present plan.—Culler's Weekly.

Fell Twenty Feet.

Master Lindsey Cleaver, about 14 years old, son of Mr. and Mrs. P. C. Cleaver, of this city, met with a painful accident Tuesday afternoon. He had climbed up a tree in court square and was watching the maneuvers of a troop of trained dogs out on the street. The branch on which he was sitting gave way and he fell to the ground below, a distance of fifteen or twenty feet, landing on his head and shoulders. When picked up he was unconscious and several moments intervened before he showed signs of life. Drs. McChord and Cleaver were near by and gave the prompt, but he was not killed but he was pretty severely bruised and shaken up.—Lebanon Enterprise

Country Roads.

There is no question that bad roads cost nearly or quite as much as their improvement would amount to. Probably there is no locality which has been to the trouble and expense of improving its own roads, that would not testify that the improvement is worth all that it cost. The market value of Ohio farms has increased but three-tenths of one per cent. in the last decade. Doubtless a large part of this retrograde movement is due to inaccessibility during a large part of the year. It has been estimated that Kansas farmers lost more than \$30,000,000 in one year through bad roads. The plan of building specimen sections as object lessons to communities in which they lie, is perhaps the most persuasive and convincing argument that can be arranged to educate taxpayers to the knowledge that road improvement means money in their pockets eventually, and will be a good investment. And when taxpayers generally are so equal in importance of good roads to good water or rail transportation, then we shall have our congressional committees haranguing and scheming for road improvement appropriations with the same zeal now displayed in asking for river and harbor appropriations. There really is no more reason for obliging the local communities to bear all the expense of road building in their vicinities than for requiring the vesselmen to make all their river and harbor improvements. The former is just as much a public service and public improvement of widespread influence as the latter. It therefore becomes the government's business to foster the improvement of its land as well as of its water highways.—Ohio Farmer.

Neat Program.

Now that the Dedication Ceremony of the Louisiana Purchase Exposition (the World's Fair) is so close at hand, the public are commencing to wonder what St. Louis has to offer in the way of entertainment to out-of-town visitors.

The Henderson Route (which is THE WORLD'S FAIR LINE) has gotten out a very neat booklet, vest pocket size, which contains the complete official program of these amusements. It is a modern piece of work in every respect, printed in green and red with gray antique cover and high grade enameled book stock inside. Copies will be gladly furnished on application.

W. P. Hatcher sold 3 work horses to different parties at \$40 each. Also bought a 7-year-old combined mare of Will Bottom at \$72.

Butler Shewmaker bought a bunch of 23 calves, of the Brown boys, colored, at 12 per head.

Gillispie Bros. bought a small farm of 29 acres of Milton Sweet at \$650. Possession May 1.

W. B. Hatcher sold a 3-year-old mare to S. C. Brown, of Mercer county at \$115.

Married last week Orby Tume and Miss Lillie Hickerson at the bride's home near town. Rev. J. A. Simms officiating. We extend congratulations.

Hatchett & Co. sold 8,000 lbs. tobacco at the Central Warehouse, Louisville, at 10c. They also sold 12,000 lbs. to Continental Co., of your town, at 5c.

Charlie Camden sold a sow and 8 pigs to Sam Arnold at \$25.

J. P. Walker bought a house and lot in Mackville of Huse Camden at \$230. Mr. Camden and family will move to Champagne, Ill. We wish them success in their new home.

Gardwell

Died on the 11th inst. Mr. Wesley Graham, an aged and respected citizen. We extend sympathy to the bereaved family. Interment at Deep Creek Sunday.

Mrs. Susan Masters is sick at this writing.

Mr. C. W. Young returned from Sunday from Lexington, W. Va. Lady, where she has been several weeks sick.

Success of the continued we were her not much plowing or gardening has been done yet, but grass and wheat are looking fine.

Mr. B. Lawson bought of Mrs. Cora Brown with 23 lambs at \$5.75 per head for the ewes with the lambs to own.

R. A. Witham sold some 2-year-old heifers for June and July at 10 and 40c.

Mr. Henry Lest bought of J. W. Royalty his farm containing 50 acres for \$300. Mr. Royalty has moved to Tallow.

Mr. Kyles sold to Irvine Pinkston 6 yearling steers for \$100.

Mr. Wilham has the lumber on the ground to build a warehouse and general furniture house in Gardwell. This will be quite an addition to our thriving little village.

Our people here are much interested in the school question. There is talk of uniting two dis-

tricts and building a good house in Gardwell, but that we could have a 10 or 15 month school. This would be a great thing for our community and sure, ought to be done.

Mr. Charlie Wright, who taught a splendid school last year has promised to take our school again this year. We congratulate the trustees for being able to secure this excellent teacher.

Miss Alice Hushy has also been employed to teach the Royalty school this year.

Whooping cough and mumps are the order of the day. Mrs. C. R. Lay and some of Mr. Summers' youngest children have been quite sick with whooping cough, but all are better now.

Several from here attended church at Cornsborough Sunday.

Our Sunday school has opened up with renewed interest, with Bro. C. G. Patterson, Superintendent, and Hollis S. Summers, Secretary. We have failed so far to get organized in our Sunday school at Freedom, but think we will get started next Sunday. We hope all will come out and take hold.

Horse and hog sales are too numerous to mention, everyone selling or buying one or both. If you want to sell, buy or trade send in your card and you can be accommodated at Gardwell, Ky.

MOOREVILLE

Mr. John Oiler has returned from Southern Kentucky, where he and his wife spent the winter.

We are having gloomy weather at present.

Mr. Henry McElroy, of Lebanon, was in our midst last week lecturing in the interest of his race, that of Commonwealth's Attorney.

Several got left yesterday morning at Booker as the train was delayed, but did not stop for the passengers, and they went on the noon train.

Mr. Da'e Hendrix of Jeffersonville, is visiting relatives here.

Mr. Nimrod Smith is on the sick list.

Mr. E. S. Bullitt and family of Springfield, spent last Sunday with J. M. Wall of this place.

W. O. Ellis and Bud Hawthorne were in Springfield Saturday on legal business.

Quite a crowd attended church at Rose Sunday. One fellow turned his buggy over.

Well, the people will get all the whiskey they want when they go to Bloomfield now, as they have a barroom or two in operation.

Several from here attended the soldiers' contest at Springfield Tuesday night.

Constipation

Does your head ache? Pain back of your eyes? Bad taste in your mouth? It's your liver! Ayer's Pills are liver pills. They cure constipation, headache, dyspepsia.

25c. All druggists.

A beautiful dark bay, a little dappled with very heavy mane and tail, goes all the gaits and is a nice driver. He is 15½ hands and is a fine actor. His colts are winners.

The Model Saddle and Harness Stallion

ERWIN RUSSELL 33

Will make the season of 1933 at my stable half mile west of Springfield near the Bloomfield turnpike at \$12 to insure a Living Colt.

Lien retained on colts to secure payment of service fee. Care taken to prevent accidents, but not responsible should any occur.

Erwin Russell's blood should command attention from breeders and horse men. He combines the blood of Mark Diamond 49, with that of Garard Chief 233, and other fine ones.

Erwin Russell 33 is a beautiful chestnut sorrel, 15½ hands high, has heavy mane and tail. He is a model in form and perfect style and gait. He is hard to equal.

A Beautiful Cantata
The Easter Cantata, rendered
at the Springfield Fair, Easter
Sunday afternoon was the best
ever given in this church. An
angelic choir played the charac-
ter of the Pilgrim and the S. E.
Davison, C. H. Platte represented
the teacher and the temper
ance. There were six im-
mediate messengers whose
parts were well delivered.
The marching song "We praise
you to the Beautiful City" was
sung by the whole school with
pathos and sentiment that made
the very walls echo. There were
three divisions of the cantata,
the singing of the cantata and
the cantata. The way in which
the several parts were carried out
showed much training.
There were more people in
attendance upon these exercises
than at the re-opening of the
church in November last. The
colored people came from all
parts of the county and from
Bloomfield and Lebanon as well.
The church was filled to over-
flowing. It was the best and
greatest time the colored people

Shooting At Chaplin.
A shooting affray occurred at
Chaplin Saturday night, in
which Dr. Wood was seriously
wounded. Dr. Wood and Mr.
E. P. Pulliam were returning
from church, when they heard
talking of to one side of the
road. Dr. Wood proposed that
he and Pulliam go over and in-
vestigate, but Pulliam declined to
go. Wood, asking him to
wait, went over by himself, leav-
ing Pulliam in the road. In a
few moments Mr. Pulliam heard
the report of a revolver, and
rushing over to the place, found
Dr. Wood lying on the ground
with a bullet hole in his head
just behind the ear. No one else
was to be seen, those who had
done the talking having run
away and left the wounded man
by himself. It was found that
he was seriously, but not neces-
sarily fatally wounded. He was
taken to Louisville the following
day to have the ball extracted.
It was discovered later that the
shot was fired by Theodore Hall,
with whom Dr. Wood had previ-
ously had a difficulty. The
facts of the affair are very hard
to ascertain. No arrests have
been made. Record

Nasal CATARRH
In all cases there should be
no delay in treatment.
Ely's Cream Balm
relieves, soothes and
heals nasal catarrh
and all other nasal
affections. It is a
sure and safe remedy.
Green Balm is placed into the nostrils, spreads
itself over the inflamed surface, and is
absorbed and a new lining is formed.
It is not drying, does not
cause sneezing, and is
entirely harmless. Large Box, 50 cents at Drug-
gists or by mail, 75 cents. It comes by mail.

The Suburban Child.
They were suburbanites, and they met
at breakfast, when a letter was laid
out to the mother, which she read with
rapidly increasing consternation. "How
unexpectedly dreadful!" she exclaimed.
"Cecilia Rodger's entire family has
been practically wiped out. Her moth-
er has died, and her father has been
killed, and her cousin, all in the same
moment."
Elmer (four years old, who in his
brief career has experienced all the
joys and woes of the suburbs—Did the
cook die, too, mamma—Harper's Mag-
azine.

A Convenient Conscience.
"I don't believe he has any con-
science at all."
"Oh, yes, he has."
"Not much of a one."
"Yes, not much of a one, of course.
In fact, it's of such trifling import-
ance that when he begins one out of
\$1,000 he can secure things with it
contributing \$1.20 to charity. Still it's
a conscience."—Chicago Post.

What to Do.
There is comfort in the knowledge
that Dr. Kline's Swamp-Root
cure, the great kidney remedy, fills every
man with certain confidence, pain in
the back, kidneys, liver, bladder and every part
of the urinary system. It is a remedy
to hold water and holding pain in passing
it, or had effects following use of liquor,
or was or been overcome that unpleasant
necessity of being compelled to go often
during the day, get up at night, and
during the night. The mild and the safe
nature of Swamp-Root is not
inferior. It stands the highest for its won-
derful cure of the most distressing cases.
